

2021 REPORT ON IMPACT

Blessing Israel & the Jewish People

International Fellowship
of Christians and Jews®

Letter from the President

Over the past year, your support of the *International Fellowship of Christians and Jews* (*The Fellowship*) has made a difference in the lives of so many Jewish people in need. I've watched in awe and thanksgiving, as our dedicated *Fellowship* family and generous supporters have worked together to bring hope and love to those in desperate situations during the most challenging times of 2021.

An ongoing pandemic, a war with Hamas, and so many other challenges could have made this year one of the most difficult years for the people of Israel. Yet, your prayers, faith, and support made it possible for us to act quickly and efficiently to bring hope to those in crisis — truly making us the “boots on the ground” in Israel.

During the Hamas-Israel conflict, you helped us deliver 20 bomb shelters near the southern border and provide more than 5,000 meals to people in bomb shelters, along with activity kits for special needs children. Amid the ongoing pandemic, you helped us raise even more funds to significantly increase our emergency budget for those who were plunged into economic instability due to COVID-19.

When I look back on 2021, I can see how God has worked through each and every one of *you* to help us overcome these hurdles and meet the enormous increase in demand for lifesaving aid — all while helping to fulfill God's call “to share your food with the hungry and to provide the poor wanderer with shelter — when you see the naked, to clothe them” (Isaiah 58:7). Together, we continue to follow the righteous biblical mandate to deliver more food, medicine, and essential supplies throughout Israel and the former Soviet Union, to those who are suffering.

This document lists all of *The Fellowship's* lifesaving impact and global reach in 2021. I look at this report with awe and humbleness, and I see it is a testimony of the miracles God performs through us, when we work together. My friends, thank you for coming alongside us to help God's people in need. Together, we've accomplished so much over the last year, and I know we'll continue to reach those who need us most in the years to come!

With blessings from the Holy Land,

Yael Eckstein
President and CEO

Providing food, clothing, shelter, heating, and medicine to the needy and activities to help the lonely and homebound

The Brightest Spot

Corina, a 93-year-old Holocaust survivor from Romania, was a teenager when World War II began. She remembers her family being homeless and unable to work. “We were very frightened because there was no one to help us,” she recalls. “We couldn’t get out of Romania. That was the worst.”

After the war, she was able to come to Israel. “They didn’t let us take anything with us, absolutely nothing. We had to start from the beginning.”

Corina worked as a cleaning woman, and her husband worked in a fabric factory. It was hard work, but they were happy. Sadly, Corina’s husband died, and she remains alone.

But she has *The Fellowship* to care for her. Thanks to you, she receives a monthly supermarket card, so she doesn’t have to worry about food. And Esty, the *Fellowship* volunteer who visits her regularly, has become the brightest spot in her life.

“She is the best,” Corina says. “She brought me you. And she brings me whatever I need. I know it’s from *The Fellowship*, and it’s something special. She is special. You are special. Thank you so very much to all of you.”

‘The Fellowship Saved Our Family’

“*The Fellowship* saved our family. There is no other way to put it.” These were Ksenia’s hopeful words after *The Fellowship* visited her for the first time.

Ksenia and her husband Victor worried about how to provide for their two children — Alina (10) and Vladislav (6) — after Victor suddenly lost his job, and the family was forced to live off of Ksenia’s meager income from her job as a cafeteria worker. The faithful Jewish family had no other option besides living in a poor area of Ukraine in a run-down apartment with mold on the walls, and old, broken furniture.

Then something hopeful happened... the family was able to move into the home of Ksenia’s mother. Alina and Vladislav had their own room, and the family was able to grow a vegetable garden and raise chickens. Overall, they were living in much healthier conditions.

But then the coronavirus hit and the lockdowns started, and Ksenia lost her job. In desperation, the family sold half of their chickens and started selling their precious eggs.

Just when they thought all hope was lost, *Fellowship* representatives came on the behalf of Christians around the world to bring the family food, hygiene products, and much-needed moral support.

Now, the children go to a Jewish school and the best news came recently — Ksenia has found a job in the local supermarket! “We are doing so much better today because of *The Fellowship*,” says Ksenia.

security Supporting the Israel Defense Forces (IDF), providing for soldiers in need and victims of terror, and protecting Israel's citizens

Protecting Polina

“You never get used to the rockets,” says 91-year-old Holocaust survivor, Polina, who lives just one mile from the Gaza border.

The sound of rockets falling would feel unbearable to most people. But these explosions instantly give Polina flashbacks to World War II. She lived through Nazi bombing attacks in Ukraine, as she and her mother fled to safety.

But at least she was young then, and able to run away quickly. Now in her older years, Polina knows that she wouldn't make it to a shelter with only seconds to spare. “I will not be able to run away, I am too old.” Instead, as rockets fall, she hides, hoping the terror will end soon... and, as any grandparent would, she also prays for the safety of her grandchildren who serve in the Israel Defense Forces (IDF) and are on the frontlines of terror.

When one of the worst conflicts occurred in May 2021, Polina completely relied on you and *The Fellowship* to help her through. Trapped in her home for almost two weeks, she had no way to safely get food or water... which is where you, our faithful *Fellowship* friends came in.

You sent generous gifts to help place bomb shelters. You helped us deliver hundreds of meals to elderly like Polina who were stuck in their homes, people too scared to leave for fear that rockets could strike at any moment. Thank you, *Fellowship* friends, for being “watchmen on the walls” for Israel and the Jewish people.

Caring For a Lone Soldier

“With the death of my mother and grandmother, my whole world changed,” says Arnold. And just like that, Arnold was thrown into the life of a lone soldier of the Israel Defense Forces (IDF).

In the months leading up to his mother’s passing after a long battle with cancer, Arnold stayed home to care for her, forcing him to be absent from his base. The month after she died, so many soldiers and friends came to comfort him. “The person I loved the most, who was always waiting for me and prepared the foods I love was suddenly gone,” says Arnold.

But Arnold wasn’t completely alone. Not only did he have the support of the IDF, he also had *The Fellowship*: “I received vouchers to buy food for Passover. This was a ray of light that allowed me and my sister to celebrate the holiday properly, just like when my mother was alive.”

This support encourages Arnold, and today he is even more motivated to work hard and honor the memory of his mother and grandmother. Now he has dreams of studying to become an electrical engineer, and has been accepted to study at the Israel Institute of Technology.

While it’s difficult to be a new college student after the loss he has experienced, Arnold is so grateful that *The Fellowship* — and you — stepped in. “Sometimes it’s hard to keep going,” he says, “but I know it’s possible, especially when there are organizations like *The Fellowship*.”

Endless Possibilities

“I want to live in a country where my daughter can be proud of her Jewish heritage and be able to walk freely and safely on the streets.”

This is what Antonina, a 30-year-old Jewish woman from Ukraine, said just prior to making *alayah* (immigrating to Israel) on a *Fellowship* Freedom Flight with her husband Oleksii and their six-year-old daughter Emiliia.

Antonina knows that life in Israel means a brighter future for her entire family – and especially her daughter. “Emiliia is going to start first grade in school this September,” Antonina says. “I want to ensure that she will have endless possibilities, surrounded by people who will accept her as part of Israeli society.”

Though moving to a new country is never easy, Antonina credits *The Fellowship* and its supporters for making it as smooth as possible. “The people from *The Fellowship* have been extremely helpful,” she says. “We get all of the support that we need during these challenging times.”

Thank you for helping this family begin a new life in their biblical homeland!
