

*My friends,*

*Since the beginning of time, God has had a plan for His people. During times of uncertainty, fear, and death, He has imbued leaders with His wisdom so His people would survive. He is no different today.*

Here at The Fellowship, we are a conduit for God to use when fulfilling His plan. Because of faithful servants like you, we have borne witness to prophecy being fulfilled by bringing more than 770,000 Jews home to Israel from the four corners of the world; we have lived out Isaiah 58 by serving over one million poor and vulnerable Jewish children, families, and Holocaust survivors each year; and we have been watchmen on the walls for Israel, contributing to the peace and safety of over 800,000 Jewish people around the world.

As Israel turns 75 this year, we do not know what is on the horizon. However, we do know that during periods of unpredictable world events, the Jewish people are often disproportionately affected and targeted by enemies. Today, God is raising up a spiritual army to do extraordinary things in extraordinary times. You play a key role in this plan, and the impact of your obedience to His call will reverberate throughout the world.

With blessings from the Holy Land,

*Yael Eckstein*

***75 years ago,  
America and her allies  
united to create a safe  
haven and reestablish  
the nation of Israel.  
Fulfilling the prophetic  
words of Ezekiel, God's  
chosen people finally  
had a homeland to  
which they could return.***

Since that time, however, Israel's history has been far from serene. Other nations have attacked time and time again, seeking to tear Israel apart, but the Jewish people have fought back tenaciously. In doing so, they have chiseled out a place of refuge to welcome their brethren who continue to flee persecution.

Israel is able to commemorate her birthday today because three-quarters of a century ago God used obedient people to create that prophetic legacy. But that was just the beginning. The nation of Israel is more important than ever.

Anti-Semitism around the world is rising to levels not seen since World War II, restricting Jews from the freedom to live as they wish, simply because of their faith. Anti-Israel sentiment is increasing as more of the global population embraces an exclusionary narrative of history. And attacks on Israel are no longer limited to the periphery...rockets can now reach Tel Aviv and Jerusalem when those who hate God's people strike.

Prophecy continues to be realized because of those who have stepped forward in obedience. Israel is the legacy of men and women who listened to the voice of God  
75 years ago.

You are part of a long line of God's faithful followers. Please join us and leave a prophetic legacy for generations to come by:

Praying for Israel;  
Helping the Jewish people; and  
Blessing Israel financially.

***This is what the  
Sovereign Lord says:  
I will gather you from  
the nations and bring  
you back from the  
countries where you  
have been scattered,  
and I will give you  
back the land of  
Israel again.***
